MASTER NURSERY
BUMPER CROP
 NATURAL
 &
**ORGANIC
 SOIL BUILDER**
 Flowers, vegetables, trees, and shrubs

Master Nursery® Bumper Crop® Natural & Organic Soil Builder is a premium soil amendment created exclusively for Master Nursery® Garden Centers. It contains only the finest natural and organic ingredients including: composted chicken manure, earthworm castings, bat guano, and kelp meal. This is a versatile mix that may be used as a natural and organic soil builder and mulch.

IN-GROUND PLANTING FOR CONTAINER PLANTS:

Dig a hole as deep as the original container and at least twice as wide. Mix **Master Nursery® Bumper Crop® Natural & Organic Soil Builder 50/50** with native soil. Be sure to use **Bumper Crop® Natural & Organic Starter Food** at planting time. Use the 50/50 mixture to fill the hole and around the root ball. Once your garden is planted, water thoroughly. Be sure to feed all your plants, including vegetables and flowers throughout the growing season with your favorite **Bumper Crop® Natural & Organic Plant Food**.

GENERAL AREA PLANTING:

Add **Master Nursery® Bumper Crop® Natural & Organic Soil Builder** to your native soil by spreading it evenly over the planting area and thoroughly mixing into the top 4-6 inches of existing soil. Use **Bumper Crop® Natural & Organic Starter Food** at planting time for all your vegetables and flowers. Once the area is planted, water thoroughly. Be sure to feed all your plants, including vegetables and flowers throughout the growing season with your favorite **Bumper Crop® Natural & Organic Plant Food**.

Type of Planting from Seed or Plants	How Much Master Nursery® Bumper Crop® Natural & Organic Soil Builder to Apply		Mixing Into Soil
	Loamy Type Soil	Heavy Clay or Sandy Soils

Mulch around existing plants with **Master Nursery® Bumper Crop® Natural & Organic Soil Builder**.

48 sq. ft. (6' x 8')- ½ inch depth
24 sq. ft. (4' x 6')- 1 inch depth
12 sq. ft. (3' x 4')- 2 inch depth

INGREDIENTS:

Aged forest products, aged fir bark, composted chicken manure, compost, earthworm castings, oyster shell lime (pH adjuster), dolomite lime (pH adjuster), feather meal, bone meal, bat guano, and kelp meal.

CONTAINS OTHER NON-PLANT FOOD INGREDIENTS:

Ecto Mycorrhizae

Pisolithus tinctorius 21.1 props/cc 73.26 props/g

Endo Mycorrhizae

Glomus monosporum 0.0026 props/cc 0.009 props/g

Glomus aggregatum 0.0026 props/cc 0.009 props/g

Glomus clarum 0.0026 props/cc 0.009 props/g

Glomus intraradices 0.0026 props/cc 0.009 props/g

Glomus mosseae 0.0026 props/cc 0.009 props/g

Glomus deserticola 0.0026 props/cc 0.009 props/g

Glomus etunicatum 0.0026 props/cc 0.009 props/g

Mycorrhizae added in the **Master Nursery Bumper Crop® Natural & Organic Soil Builder** works with the roots to absorb water and fertilizer from a much greater area than the natural plant roots could on its own.

This product should be used within two years of the manufacture date to maximize the full benefits of the microbiological inoculum. After that date, activity is reduced, though the potting soil remains ideal for all types of containers.

Manufacture date can be found on the front of the bag at the top.

Storage: Store in a dry cool place. Keep out of direct sunlight and excessive heat. Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.regulatory-info-eps.com>
